This is to confirm that Mr. Danie De Beer has been a great help for me and my business. He gave me a good price in developing my website, e-mail address and support.

He is a very dedicated and loyal person to his clients and commits himself to his work. He is a good listener and his able to give advice where possible. He was able to deliver my website (www.m-pabs.co.za and five email addresses) in less than 24 hours after giving him what I want.

We are still busy putting more information and links for my website. I am very proud to work with Danie and I'm confident that he will go very far and do much better in his line of business.

We are proud to recommend him to any person or business to try his services and wish him all the best in future.
