LETTER OF RECOMMENDATION

Top copi contracted Mr. de Beer to design and implement a full software package for our group, Consisting of a Integrated Document Management package, Global CV design package, Business Card maker and a full Accounting package. The above software packages were complete and Installed without any problems. This solution have been running flawlessly for the past two Years.

I have not yet met a person with his willingness to help and support skills.

All my customers have standardized on this solution as there is nothing available in the market that can match the functionality.

I will personally recommend Mr. de Beer for any position and/or Contractual Programming as he never fails to impress.

Please feel free to contact me for a personal reference.
